ZONES FOR ALL

By transitioning faculty and staff to the Zones for All concept, it will eliminate the need to circle the campus for a space on daily basis. Faculty and staff will have available parking within their assigned zone every day. This is possible because a cap is placed on the number of permits sold to students and faculty-staff for each of the zones. By limiting the number of people who can park in a zone, it eliminates the zones from becoming 100% filled.

RELAXED PARKING RULES:

Anyone with any valid UH parking permit (except for evening-weekend) can park in any ungated faculty-staff and student lot after 3 p.m. Monday-Thursday and all day Friday-Sunday.

Permits can be purchased through your **myParking** account in **AccessUH**.

AUTOMATIC RENEWAL

Faculty and staff with a gated, garage or reserved permit and who pay for it through payroll deduction do not have to do anything if they want to renew the permit. Renewal is automatic.
