A.D. BRUCE RELIGION CENTER
SPEAKER SERIES PRESENTS

Sacred Fire

Preparing for
HEALING &
RECONCILIATION
in Texas

Image: *Comanche Motion*, by Eric Tippeconnic (Comanche), acrylic on canvas, 6' x 5'. Used by kind permission of the artist.

Indigenous peoples of the Gulf Coast region inhabited these lands for thousands of years before first contact with Europeans. Like other states, Texas has a troubled history that includes great loss of Native American lives, dispossession of lands, forced removals, and erasure of tribal cultures. What is the impact of this history today? What is the work of healing and reconciliation? Join us as we explore together the sacred fire of healing.

Presenters:

LAURA MARSHALL CLARK (MVSKOKE) & CLAIRE MUMMERT
