## FIRST DAY OF LAB

Cadets kicked off the semester with some excellent training! On September 04, 2020, the Houston Battalion conducted the first lab of the semester. The MSIVs completed Tactical Combat Casualty Care (TCCC) training. They familiarized themselves with the three different phases of care during a tactical, combat environment. Thanks to the instructions of SSG McCally, SGT Hare, and SGT Duval the MSIVs completed another commissioning requirement. The MSIIIs and MSIIIs learned more about individual movement techniques (IMT). Meanwhile, MSIs were introduced to tactical movements, rank structures, and drill and ceremony. All cadets worked hard and diligently to ensure a successful training event.

## MEET THE BATTALION COMMANDER

"Hello, I am Cadet Parker, and it is my pleasure to serve as the Battalion Commander for the Fall semester. I attend Texas Southern University, where I major in History. I'm also a Green to Gold cadet, and I've been proudly serving on active duty since 2010. As the BN CDR, I'm responsible for all the battalion does or fails to do. I provide vision, guidance, and direction to the cadet leaders under me, so that we can accomplish our missions successfully.

I also serve as a liaison between the cadets and the PMS. I advise the PMS on all cadet matters and assist the cadre in fostering a positive environment. This semester, some of my major goals are to make sure the MS4s complete all OAL tasks to receive Advanced Camp credit; to improve our BN continuity files, to promote the stewardship of our program; and to plan and execute top tier training events, which include land navigation, GAFPB, and Air Assault training, just to name a few."

## MEET THE COMMAND SERGEANT MAJOR

"I'm CDT Harmon and I'm proud to be the CSM for Houston BN Fall 2020. I'm a senior and a History major at the University of Houston. My job entails running the BN formation three times a week, enforcing the standards set by the Army and ROTC, ensuring physical readiness, and guiding the Company's and BC on how to execute tasks at the BN level. My hope is that the BN and I grow significantly in professional and personal development as we strive to become Army Officers in the COVID environment."
