

African American Studies or Sociology Major?

SOC 3397 / AAS 3394

Africana's Aging and Health

LOCATION TBA

Spring 2023:

Monday, Wednesday: 1:00pm-2:30pm

Instructor

Dr. Neema Langa

E-mail: NMLanga@central.uh.edu

College of Liberal Arts
and Social Sciences

UNIVERSITY OF HOUSTON

This class covers scholarship on the structural forces that lead to stratified later-life health and well-being outcomes among Africana. It will explore the unique challenges of older citizens (mainly women) of the African continent and people of African descent in the United States of America, "blacks," and how they make sense of their lives.
