Message from the President

Dear University of Houston Graduates,

Congratulations on achieving this remarkable achievement. Today's graduation marks the start of a bright new beginning. Your longtime dream becomes a reality, and I join your family and friends in celebrating this milestone with you.

As you reflect on this moment, take pride in knowing it was your hard work, intellect, perseverance and belief in yourself that got you here. Equally important was the unwavering support of those around you. These values and connections have shaped who you are today and will propel you forward in your professional journey.

As you move ahead, remember the power of paying it forward. Be a mentor to someone else who dreams of achieving what you have. Moreover, remember to express gratitude to your professors, advisors, family and friends who supported you along the way.

The Tier One education you've received at UH has provided you with the tools to thrive. This is the home of nationally top-ranked academic programs, world-renowned faculty, an NCAA Final Four basketball team, cutting-edge research and industry leaders. I have no doubt that you will join the ranks of the many successful alumni who have come before you.

Congratulations, Coogs! The world is yours.

With warm regards,

Renu Khator

Renu Khator

President, University of Houston

Message from the Provost

Dear Spring Graduates,

You've traveled a long road to reach this moment, but here you are! Congratulations on earning a degree from the University of Houston.

Whether you're the first in your family to graduate from college or perhaps a second-generation Cougar, today's ceremony marks a significant moment in your lives. It's also special for the University of Houston as your success has been our priority since you first stepped foot on campus.

Now, you embark on new journeys. Some of you may be entering the workforce. Others may be headed to graduate school. No matter your destination, please remember those who helped you get to this point.

Stay in touch with peers, professors and staff members and remind them that their guidance supported your academic journeys. Also, thank your spouses, siblings, parents, grandparents and others in attendance today for their daily inspiration.

Of course, be sure to truly recognize the one person responsible for today's celebration—you! You balanced classes, work, family and other obligations. It wasn't easy, but you did it. Now, you are poised to reap the rewards of a degree from UH.

Although you are leaving this wonderful campus, you will remain a member of our University family. You now carry the proud tradition of past UH graduates and will represent our institution in your professional endeavors. Be proud of your time here, and let others know that you are now and forever a Cougar.

Once again, congratulations!

Sincerely,

A handwritten signature in black ink, appearing to be 'Diane Z. Chase', written in a cursive style with a long horizontal flourish extending to the right.

University of Houston

Commencement Ceremony

University of Houston History

The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 14 academic colleges, one school, and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering 285 undergraduate and graduate programs to more than 47,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University's academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University's commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation's oldest and most prestigious academic honor society, awarded UH the approval to start a chapter. This designation welcomed UH to an elite group of the nation's most esteemed colleges and universities.

Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor's (apprentices of the arts), master's (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master's degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

Ceremonial Symbols

THE SEAL

Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE

The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER

All hail to thee,
 Our Houston University.
 Our hearts fill with gladness
 When we think of thee.
 We'll always adore thee
 Dear old varsity.
 And to thy memory cherished,
 True we'll ever be.

Words and music by Harmony Class of 1942

Academic Honors

Academic honors are based on the requirements of the catalog year students entered the University. The final designation for honors is determined by the Provost's Office upon final completion of all degree requirements.

Undergraduates who have graduated with the stated academic honors have achieved the following grade point averages earned in the last 54 hours completed at the University of Houston.

3.90 TO 4.0	Summa Cum Laude (with Highest Honors)
3.70 TO 3.89	Magna Cum Laude (with High Honors)
3.50 TO 3.69	Cum Laude (with Honors)

This roster does not include the names of degree holders who chose to withhold information under the Federal Education Rights and Privacy Act.

Summa Cum Laude – 4.0 GPA Graduates

The following graduates are recognized for achieving Summa Cum Laude with a 4.0 cumulative grade point average while also completing their degree within four years of starting their first semester in college at the University of Houston.

Honorary Degree

NATHAN FOWLER, M.D.

Dr. Nathan Fowler, a distinguished alumnus, is considered one of the world's foremost experts in drug development for blood cancers. As chief medical officer for BostonGene, Fowler provides strategic direction to the biomedical software company, empowering it to advance precision medicine therapies for cancer patients. The award-winning company uses AI-powered solutions to provide clinicians with actionable insights, support personalized therapy decisions, expedite drug development and improve patient outcomes.

Prior to joining BostonGene, Fowler was a professor of medicine and director of the clinical investigational and translational research program in the Lymphoma and Myeloma department at the University of Texas MD Anderson Cancer Center. At MD Anderson, Fowler focused on developing groundbreaking new therapies for cancer patients, which led to FDA approval of several novel therapeutic agents in lymphoma. In addition, he led the development of one of the first combination immunotherapy regimens for untreated lymphomas and is the primary investigator for the ongoing international phase III study with the combination.

A profound researcher, Fowler has published over 175 articles in peer-reviewed journals, numerous textbooks on innovative approaches to cancer therapy and is a sought-after speaker for high-profile conferences. He graduated cum laude from the University of Houston with a bachelor's degree in biology and a minor in Spanish in 1996, earned his medical degree from the University of Texas Medical Branch at Galveston in 2001, where he also completed his residency, and received fellowship training in hematology/oncology at both Georgetown University Hospital and MD Anderson.

Most impressive is Fowler's rich history of service and community engagement. As a student at UH, he volunteered to teach officers Spanish at the Houston Police Department. His fluency in Spanish — supported by his undergraduate minor — has become a vital asset in his medical practice, allowing him to communicate directly with Spanish-speaking patients, enabling more personal, effective care. Prior to his work in medicine, he served in the U.S. Army as a nuclear, biological and chemical defense specialist. Moreover, Fowler is the founder and president of the Halo House Foundation, a Houston-based nonprofit organization providing affordable housing to blood cancer patients receiving medical treatment. His nonprofit — which charges patients only \$20 per night for fully furnished apartments — has provided over 9,000 days of housing to hundreds of families.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

Photo by Louise Kugelberg

Honorary Degree

JULIAN SCHNABEL

A prolific and groundbreaking artist, Julian Schnabel is a world-renowned painter whose multidisciplinary work spans sculpture, architecture, furniture and film. Widely regarded as one of the most influential American artists of the last 40 years, Schnabel rose to prominence as a leading figure in the neo-Expressionist movement in the 1980s. He later became a celebrated filmmaker and continues to excel in both fields today.

An accomplished alumnus of the University of Houston, Schnabel earned his Bachelor of Fine Arts degree in 1973. He later became the first UH graduate to be honored with a solo exhibition at the University's Blaffer Art Museum.

His first major exhibition was a group of paintings at the Museum of Contemporary Art, Houston, in 1976. By the late 1970s, he was exhibiting at some of New York's most prestigious galleries, including Mary Boone and the legendary Leo Castelli Gallery. The strength of Schnabel's work lay in his use of preexisting materials not traditionally used in art making, varied painting surfaces and inventive modes of construction — breaking artistic norms of the time. His unorthodox approach helped revive painting in the United States and beyond during a period largely characterized by conceptual art and minimalism.

In the 1990s, Schnabel expanded into filmmaking, directing and writing "Basquiat" — a critically acclaimed film about the famed artist Jean-Michel Basquiat and New York's 1980s art scene. To date, he has directed six major films, including the acclaimed "Before Night Falls", which earned Javier Bardem an Academy Award nomination for his breakout role. His 2007 film "The Diving Bell and the Butterfly" was nominated for four Academy Awards, including Best Director, and earned Schnabel the Best Director Award at the Cannes Film Festival.

Schnabel's paintings are housed in some of the most prestigious museums in the world, including the Metropolitan Museum of Art; the Museum of Modern Art, New York; the Whitney Museum of American Art, New York; the Museum of Contemporary Art, Los Angeles; the Reina Sofia in Madrid; the Tate Modern in London; and the Centre Georges Pompidou in Paris. A true visionary, Schnabel transformed the language of painting and paved the way for new generations of artists.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

CONRAD N.

FOUNDATION

President’s Medallion

CONRAD N. HILTON FOUNDATION

The Conrad N. Hilton Foundation, established in 1944 by hotel magnate and philanthropist Conrad N. Hilton, has long championed initiatives that alleviate human suffering and foster global goodwill. Hilton’s profound belief in the transformative power of hospitality led to a significant milestone in 1969 when he donated \$1.5 million to the University of Houston to establish the Conrad N. Hilton College of Hotel and Restaurant Management — the first hospitality school in Texas. This foundational gift laid the groundwork for

what has evolved into the Conrad N. Hilton College of Global Hospitality Leadership, a premier institution in hospitality education.

Over the decades, the Hilton Foundation’s unwavering support has been instrumental in the college’s growth and success. The foundation has contributed substantially to the college by funding critical infrastructure, innovative programs, scholarships and strategic initiatives. Notably, in 2021, amidst the challenges posed by the COVID-19 pandemic, the foundation bestowed a \$10 million unrestricted endowment to aid the college in navigating the crisis and continuing its mission of cultivating future hospitality leaders.

The endowment has provided critical operational and student support, including student scholarships, research funding, professional development training, library materials, equipment acquisition, staff and clerical support, and other key areas that enrich and enhance the college.

The foundation’s commitment extends beyond financial contributions. It also provides strategic guidance to grow the world’s only hospitality program where students work and take classes in an internationally branded, full-service Hilton hotel, which is also operated by the college. In addition, the Hilton company has hired thousands of Hilton College graduates who work in Hilton hotels around the world. Their enduring support has helped students — many of whom are the first in their family to attend college — become leaders in the hospitality industry.

Today, the Conrad N. Hilton College of Global Hospitality Leadership is revered globally as one of the best in hospitality education and research thanks to the enduring support of the Hilton Foundation. Since its founding, the foundation has awarded more than \$3.6 billion in grants, bringing hope, healing and transformative change to thousands worldwide. A profoundly benevolent organization, each year the Hilton Foundation awards a multimillion-dollar prize to a nonprofit leading effort to alleviate human suffering — the world’s largest annual humanitarian award.

The President’s Medallion is awarded at the sole discretion of the President to individuals and organizations that have distinguished themselves by their support of the University of Houston and the community.

Hewlett Packard Enterprise

President's Medallion

HEWLETT PACKARD ENTERPRISE

Hewlett Packard Enterprise (HPE) is a Fortune 100, global edge-to-cloud company advancing the way people live and work.

Headquartered in the Greater Houston region, HPE helps organizations connect, protect, analyze and act on data and applications, to turn insights into meaningful outcomes to thrive in today's complex world.

Named one of the World's Most Ethical Companies by Ethisphere, HPE is dedicated to offering IT solutions that help their customers and partners achieve their social impact commitments. In 2018, HPE made a transformative \$10 million gift to the University of Houston's Data Science Institute as part of a game-changing collaboration to increase innovation. The gift also funded a scholarship endowment and high-performing computing equipment to enhance data science research activities across all UH colleges. In addition, funding supports education programs for K-12 students, as well as UH students, faculty and staff.

In honor of their gift and extensive contributions, the institute was renamed the Hewlett Packard Enterprise Data Science Institute, which has become a central hub for data science education and interdisciplinary research at UH. The institute has expanded educational opportunities by offering micro-credentials and certificate programs in data analytics, artificial intelligence, high-performance computing and related fields, that are critical in today's industries. Students benefit from hands-on experiences, industry workshops and mentorship from HPE professionals who serve as lecturers and collaborators on real-world projects. This integration of academic and industry expertise ensures that graduates are well-prepared to meet the demands of a data-driven workforce.

Furthermore, the institute actively engages with the broader community by developing programs for middle and high school students, aiming to strengthen the STEM pipeline through project-based learning initiatives. These efforts help build a diverse and skilled workforce equipped to tackle future technological challenges.

Moreover, the partnership has enhanced UH's capacity to deploy data science tools to address major societal challenges in the health care, energy and smart materials sectors, among others. The enhanced computational power has enabled researchers to conduct advanced analyses and simulations that have transformed disaster response, advanced breast cancer detection and improved the diagnosis of lupus-related kidney disease.

By fostering education, research and community engagement, the partnership has positioned UH as a leader in data science and innovation, benefiting the University, Greater Houston, Texas and beyond.

The President's Medallion is awarded at the sole discretion of the President to individuals and organizations that have distinguished themselves by their support of the University of Houston and the community.

Kathrine G. McGovern
College of the Arts
UNIVERSITY OF HOUSTON

Message from the Dean

Dear Kathrine G. McGovern College of the Arts Graduates,
Congratulations!

You are here today because of all you have achieved at the University of Houston. You have worked tirelessly to master your craft, cultivating skills that position you at the forefront of the performing and visual arts.

You have collectively spent thousands of hours rehearsing, researching, performing, and designing on the University of Houston campus and beyond. You have added to our city's rich and vibrant culture through community-centric projects and programs that promote Houston's diverse arts community.

Now, as the next generation of creators, performers, artists, and collaborators, the world is at your fingertips—waiting for you to make your mark. My most important advice to you is to remain curious, investigate your environment, and reimagine the possibilities of creative practices in our complex, 21st-century world.

As you leave the McGovern College of the Arts to embark on your career and the next stage of your life, I know your future is bright. I look forward to seeing the impact you will make on our community, our city, and our world.

Please stay in touch! You may contact me anytime at adavis@uh.edu.

Sincerely,

Andrew Davis

Message from the Dean

Dear Graduates,

Congratulations on your graduation from the Honors College at the University of Houston! Your talents and motivation have culminated in the impressive achievements we recognize today. You have been on an extraordinary journey! Think back to your first Honors course and how far you have come. Honors courses have challenged you to think deeply about the nature of being human, as individuals and in societies. You've been encouraged to take what you learn beyond the classroom into research and community engagement.

Our unique community of faculty, staff, and students in the Honors College have been members of your team cheering you on. We are all now celebrating you as you begin your career or continue your studies in graduate or professional programs. We take pride in your achievements. As you leave on this new journey, the Honors College will always be a part of you.

Stay connected to the College and use your success to inspire future generations. Eventually I hope you will support the many programs and scholarships that you enjoyed during your time here.

We know that you are well-prepared to lead in your chosen field and to contribute solutions to the grand challenges we face in this ever-changing world. As you find your place in a new community, remember to be bold in action and to stand strong in the face of adversity. We believe in you!

Best,

Heidi Appel
Dean of the Honors College
Professor of Biology & Biochemistry

The Honors College Honors

The Honors College at the University of Houston offers students special opportunities to develop their academic abilities. Below are the Honors College designations.

University Honors and University Honors with Honors in Major

Students who complete the Honors College curriculum (36 hours) graduate with University Honors. If students also complete a senior honors thesis, they graduate with University Honors with Honors in Major.

Collegiate Honors and Collegiate Honors with Honors in Major

Students who fulfill the requirements for the honors program in the college of their major, including 21 hours of honors courses; who complete an Honors College minor, or who complete 21 hours of approved honors courses. If students also complete a senior honors thesis, they graduate with Collegiate Honors with Honors in Major.

Membership in The Honors College and Membership in The Honors College with Honors in Major

Students who affiliate with the Honors College during their undergraduate years and complete fewer than 21 hours of honors courses. If students also complete a senior honors thesis and fulfill the requirements of their major with distinction, they graduate with Membership in The Honors College with Honors in Major.

Honors in Major

Students who complete a senior honors thesis but are not members of the Honors College.

University Honors with Honors in Major

Students who complete the Honors College curriculum (36 hours) and complete a Senior Honors Thesis graduate with University Honors with Honors in Major, the highest distinction that an undergraduate can earn at the University of Houston. The thesis title follows each graduate's name.

Message from the UH Alumni Foundation Board President

Let me be the first to welcome you to the UH Alumni Association. You are joining a global network of over 305,000 Cougars. With your participation, we can only grow stronger. As you embark on this next chapter, know that your Alumni Association is here to help you stay connected with your beloved alma mater. From volunteering at an event, joining an Association or Network, signing on to UH Link, to becoming a

Life Member, the opportunities to engage are endless.

Please scan the QR code below to enjoy all the activities that soon await you. In the meantime, savor this moment and continue to soar.

True we'll ever be and Go Coogs!

Shazia Khan
