

# ONLINE CLASSES ONLY IMMUNIZATION WAIVER

Students who are enrolled in online classes ONLY are exempt from bacterial meningitis immunization requirements.

To request this exemption, students must complete this form and upload it to their myUH self-service account (*preferred method*).

This waiver is for one term only and must be updated each term for which the exemption is being requested. Please be aware that the University of Houston will conduct online enrollment verification each term to ensure that students under this waiver are compliant with the law. Students holding this waiver who have not presented the proper immunization documentation will be withdrawn from any classes that are not **100-percent online**.

**myUH ID#**

**Last Name**

**First Name**

**MI**

In submitting this form, I affirm that I am registering for ONLY online classes. **Online classes with an on-campus component, including a final exam, do not meet this requirement.**

I understand that beginning Jan. 2014, Texas State Law (SB 62) mandates that all entering students under the age of 22 must provide either an official document signed by a health care provider or an official immunization record verifying that the student has been either vaccinated against bacterial meningitis or received a booster during the five years prior to registration.

I understand that in order to continue to be exempt from the meningitis immunization requirement, I must complete a new form each term I wish to request an exemption.

I understand that if I enroll in a course that is not fully online and have not submitted the proper documentation to the University of Houston, my class may be dropped without prior notice and without refund.
