and Mathematics

Oral Research Progress (ORP) Exam Evaluation Summary Form

ORP exam must be completed by the end of 5th long semester

Student's Section:

Last Name: _____ First Name: _____
MyUH ID: _____ Date of Exam: _____ Division: _____

Committee Chair Section:

1. General knowledge in the area of specialization. Average = _____
Comments: _____
2. Knowledge of previous work and techniques in the field of research. Average = _____
Comments: _____
3. Research progress, intellectual contributions, and potential for future research. Average = _____
Comments: _____
4. Quality of oral presentation, organization, and research summary. Average = _____
Comments: _____
5. Ability to formulate analytical solutions to the questions posed. Average = _____
Comments: _____

Overall Average = _____

- Student passed at the PhD level.
- Student passes conditionally, but needs to rewrite parts of the ORP or provide a report to the committee.
- Student failed, but may retake the exam no later than _____.
- Student failed (terminal decision). The committee recommends:
- The student attempt to complete the requirements for the MS I plan degree; or
- The student be terminated from the Chemistry graduate program at the end of the semester.

All Committee Members Section:

_____ Committee Chair Name (Print)	_____ Signature	_____ Date
_____ Committee Member Name (Print)	_____ Signature	_____ Date
_____ Committee Member Name (Print)	_____ Signature	_____ Date
