

ADMINISTRATIVE FEE FOR SELF-SUPPORTING ENTITIES

General Information:

An administrative fee is charged to all Self-Supporting entity's Fund cost centers. The fee is a fixed percentage of total monthly expenditures in the cost center.

The purpose of the fee is to satisfy a requirement of the Texas Appropriations Act which prohibits the expenditure of appropriated funds for the support of auxiliary enterprises and self-supporting entities. The self-supporting administrative charge is used as an equitable means to reimburse the general fund (state-appropriated) operations of the university for services provided to self-supporting entities. Such services include but are not limited to accounting services, payroll services, human resources, development, legal support, auditing services, and general administrative support. Exemptions to Administrative Charges are listed below. The percentage charged for Administrative Charge is evaluated and set each year by the Budget Office.

Prerequisite:

All journals having an impact on self-supporting funds for the month must be posted before this allocation is run at month-end. It is one of the final processes to be run before monthly closing.

Specifics:

At the end of each month, any self-supporting cost center that has expenditure activity (see exemptions below) will also have an administrative charge. The expense total is multiplied by the percentage set by the Budget Office. A separate rate may be set for athletics and non-athletic cost centers. Admin charge is posted to account 54805.

Rates for Auxiliary Administrative Charges are as follows:

	FY27	FY26	FY25	FY24	FY23	FY22	FY21	FY20
Auxiliary (Non-Athletic)	6.0%	6.0%	6.0%	6.0%	6.0%	6.0%	6.0%	6.0%
Athletics	5.0%	4.0%	4.0%	4.0%	4.0%	4.0%	4.0%	4.0%
Houston Public Media*	4.0%	3.0%	2.0%	1.25%	1.25%	1.25%	1.25%	1.25%
College of Medicine	3.0%	2.0%	1.0%					

Generally, the Admin Charge expense will be a debit. However, it is important to know that expenditure credits are included in the calculation as well. For example, if the monthly expenditure total is a credit, then the Admin Charge will also be a credit. Manual corrections of Admin Charge are generally not necessary as it is self-adjusting at month-end.
