

Complaint #26-01

Petitioner(s): Aniyah Hubbard

Respondent(s): Chelsea

The following allegations were filed **Feb 7, 2026, 11:57 AM**:

A4S2C5: No campaigning may occur before the official campaigning period begins, as dictated by the Election Commission.

A4S1C3: Non-active campaigning” or “indirect solicitation of votes” is defined as an intentional attempt to obtain votes through materials that can be seen or heard by potential voters. Examples include, but are not limited to, the following: posting campaign graphics on social media, hanging flyers around campus, or wearing campaign-branded shirts asking students to vote for you.

Decision [02/11/26]: Petitioner's complaint **HAS MERIT**, and this **IS** a Class C violation of the Election Code.

Conclusion: The respondent created a campaign-branded Instagram account and began following potential voters on February 7, 2026. Although no formal posts were made, the act of following students from a campaign-specific account constitutes a purposeful bolstering of a personal brand and name prior to the permitted start date of February 9. As all other candidates remained inactive on social media until the official period, this activity provided an unfair advantage in visibility.

Sanction: Formal Written Warning. Per the 2026 Election Code, a first-time minor procedural violation results in a written warning recorded by the Election Commission.

Appeals: No appeal was provided.
